Dear Parents, Students, Teachers and Friends,

Parent Opinion Survey

There are three department surveys we use to gauge how we are performing in a range of different areas within the school on an annual basis. These are the Parent Opinion Survey, the Staff Opinion Survey and the Attitude To School Survey (Year 5 and 6 students).

This week 15% of our parents were randomly selected and sent a parent opinion survey to complete and return to the school. The surveys will be externally collated and the results will be presented to us in a range of tables and graphs. These evaluations and guide our Annual Implementation Plan. We ask those families who received a survey to return these as soon as possible in order for us to gain effective feedback. Thank you!

Trivia Night

How many years did the Hundred Years War last for?
Which flag is raised when a ship is about to leave port?

….. I’m not sure either! but I may soon find out, as I need to help my team out at The Trivia Night. Tickets are still available for a great night out on Saturday 22nd August. Our last Trivia night held in 2013 was a huge success and a really fun night. So please support our school and the community by buying a ticket or organizing a whole table of friends to come along. There will be raffles, door prizes, silent & verbal auctions, prizes and lots of laughter! The challenge is also out as the teachers won last time!!!

Science Week (17th – 21st August)

Science Week is coming up and there is already a buzz around the school as students decide on what experiment, investigation or information they will do. It has been fantastic to see the level of motivation of our students in the area of Science. We look forward to their understandings with lots of experiments and activities planned.

Have a good weekend!

Lee Murnane – Principal
