

## BULLYING (including cyber-bullying) and HARASSMENT POLICY and PROCEDURES

<b>Written by</b>	<i>Welfare Committee &amp; Education-Sub Committee</i>
<b>Date Approved by School Council</b>	June 2014

### POLICY STATEMENT

Seaford North Primary School accepts that bullying can occur in all school environments. As a community of learning that strongly supports the development of supportive relationships among students, parents and school staff, we see the management of bullying as intrinsic to the learning and development of both the perpetrator and the victim. In support of the Student Welfare Policy, our aim is to facilitate the social health of each child and to foster the development of the resilience and self esteem in students. The management of bullying and the achievement of resilience are accepted as a community responsibility at Seaford North Primary School.

As a community Seaford North Primary School recognises the following definitions of bullying: *A person is bullied when he or she is exposed regularly and over time, to negative actions on part of one or more persons. (Olweus 1987)*

Negative actions are inclusive of:

- Verbal actions such as threatening, taunting, teasing and name calling
- Physical contact which include pushing, hitting, kicking, pinching or restraining someone else
- Mocking faces
- Rude gestures
- Unjustifiably excluding someone from a group or activity
- Refusing to comply with another person's reasonable requests

A clear policy on bullying (including cyber bullying) and harassment will inform the community that **bullying and harassment in any of its forms will not be tolerated.**

### Aims:

- To support the positive mechanisms for building the "Resilient Child"
- To value the support of the school community in encouraging a sense of belonging for all students
- To foster a culture of open communication where students, parents and teachers are welcome to voice concerns or opinions
- To promote resilience in students through strategies designed to enhance prevention practices in the management of bullying
- To provide bullies and victims with the support of the school and community resources to address bullying issues

## **What are bullying, cyber bullying and harassment?**

**Bullying** is repeated oppression, physical or psychological, of a less powerful person by a more powerful person or group.

**Cyber-bullying** consists of covert, psychological bullying, conveyed through the electronic mediums such as cell-phones, web-logs and web-sites, on-line chat rooms, 'MUD' rooms (multi-user domains where individuals take on different characters) and Xangas (on-line personal profiles where some adolescents create lists of people they do not like). It is verbal (over the telephone or mobile phone), or written (flaming, threats, racial, sexual or homophobic harassment) using the various mediums available.

**Harassment** is any verbal, physical or sexual conduct (including gestures) which is uninvited, unwelcome or offensive to a person.

Our school will actively promote a positive and welcoming personal environment for all members of the school community. When people are bullied or harassed some effects might be anger, embarrassment, fear and humiliation, loss of self-confidence and reduced function and potential. Bullying and harassment will be addressed, individual differences will be respected and students and staff will be enabled and supported in their pursuit of learning and teaching.

## **GUIDELINES**

A school-wide approach will be taken to deal with bullying (including cyber bullying) and harassment in a consistent and systematic way.

All new students and staff will be informed of the anti-harassment policy and practices at the commencement of their time at the school.

All complaints of harassment will be heard in confidence and taken seriously.

Our school will organise preventative curriculum programs that promote resilience, life and social skills, assertiveness, conflict resolution and problem solving.

Staff programs will occur periodically to keep staff informed of current issues/strategies for dealing with these issues.

There will be disciplinary consequences, covering a range of strategies, for those in breach of the Anti-Bullying (including cyber bullying) and Anti-Harassment Policy, guidelines and procedures (see Appendix A).

## **PROGRAM**

Constructive strategies to deal with harassment will include: education in coping strategies; assertiveness training; problem solving and social skills; counselling and behaviour modification. These strategies will be employed in preference to punitive sanctions and negative consequences.

The Anti-Bullying and Anti-Harassment Policy of the school will be widely promoted to students, staff, parents/carers and the local community.

A summary of the policy will be included in the Student Enrolment Package while new staff will receive extensive documentation as part of the school's induction process.

The school leadership team and the teachers will work together to ensure the safety of all school members in situations of bullying (including cyber bullying) and harassment, by thoroughly investigating all

complaints while respecting the need for confidentiality, notifying parents/carers and planning interventions.

If a teacher feels a student is at serious and imminent risk from bullying (including cyber bullying) and harassment then it is their professional duty to pass on the information to an appropriate person in order to ensure appropriate support for the student. It is important that teachers document fully their interaction with the student and to verify the actions taken.

Student programs will be organized to raise student awareness about bullying (including cyber bullying) and harassment, to provide a forum for discussion of matters and to aid development of attitudes. Some matters will be dealt with formally in the curriculum and in peer support programs, leadership programs, extra-curricular programs and occasional activities run by outside experts and workers. The curriculum will include anti-bullying messages and strategies in line with current DEECD materials e.g. 'The Friendly Schools' and 'No Blame Approach to Bullying' programs.

Professional development will be provided for staff relating to bullying (including cyber bullying) and harassment and proven strategies to address these issues in classrooms will be shared with all staff.

The school will provide specialist resources such as books, videos, kits and off site in-service activities to assist staff in responding appropriately to bullying (including cyber bullying) and harassment issues.

Disciplinary consequences for bullying (including cyber bullying) and harassment will comply with the school's Welfare and Discipline Policy. The principal or their nominee will provide disciplinary consequences including suspension in accordance with Department of Education and Early Childhood Development (DEECD) guidelines.

## **Implementation**

### ***Primary Prevention Strategy***

- Provide all students with the Foundations for Achievement and social/emotional well-being in school, work and the world of tomorrow as part of social development implementing programs such as You Can Do It, Restorative Justice, Kimochis, Friends for Life, Kids on Track and Reach Rookies.
- Utilise Seaford North Animal Palace to promote values such as caring, responsibilities and nurturing
- Provide enrichment and leadership programs to promote, maintain and encourage positive role modelling within the school
- Utilise positive recognition strategies to enhance both classroom and yard behaviour
- Promote parent workshops to enhance community understanding and support, toward a shared approach to bullying
- Support staff by providing professional development on bullying both at school and through external seminars

### ***Early Intervention***

- Parents or students with concerns over bullying should advise the class teacher initially. If the issue continues then the Student Welfare Co-Ordinator should be informed by the class teacher, parents or both parties. Parents are advised however, that the Principal and Assistant Principal of the school are available for consultation
- Counselling will be provided for both the perpetrators and the victim
- Appropriate staff (The Principal, Assistant Principal, team leaders or class teacher) may be involved with parent, student or staff consultation sessions, in order to address bullying problems
- Students, whose bullying behaviour continues, may be referred to further counselling. This may include, Department of Education and Training Guidance Officer and/or Social Worker

### ***Intervention***

- Seaford North Primary School will impose sanctions as outlined in the Student Code of Conduct for students who continue to exhibit bullying behaviour, after undergoing the above support strategies.

- These sanctions may include:
  - Confined playing areas
  - Isolation through the use of Time Out
  - Behavioural management programs as set out by the school and agreed by the family of the student
  - Suspension or expulsion proceedings

### **Anti-Bullying (including cyber-bullying) and Anti-Harassment Procedures**

#### **What are Bullying, Cyber Bullying and Harassment?**

##### **Bullying**

##### **Definition of Bullying**

Bullying is when someone, or a group of people, who have more power at the time, deliberately upset or hurt another person, their property, reputation or social acceptance on more than one occasion.

##### **Types of Bullying**

There are three broad categories of bullying:

1. Direct physical bullying – e.g. hitting, tripping, and pushing or damaging property.
2. Direct verbal bullying – e.g. name calling, insults, homophobic or racist remarks, verbal abuse.
3. Indirect bullying – this form of bullying is harder to recognise and often carried out behind the bullied student's back. It is designed to harm someone's social reputation and/or cause humiliation.

Indirect bullying includes:

- lying and spreading rumours
- playing nasty jokes to embarrass and humiliate
- mimicking
- encouraging others to socially exclude someone
- damaging someone's social reputation and social acceptance
- cyber-bullying, which involves the use of electronic means to humiliate and distress

##### **What Bullying is Not**

Many distressing behaviours are not examples of bullying even though they are unpleasant and often require teacher intervention and management. There are three socially unpleasant situations that are often confused with bullying:

##### **Mutual Conflict**

In mutual conflict situations, there is an argument or disagreement between students but not an imbalance of power. Both parties are upset and usually both want a resolution to the problem. However, unresolved mutual conflict sometimes develops into a bullying situation with one person becoming targeted repeatedly for 'retaliation' in a one-sided way.

##### **Social Rejection or Dislike**

Unless the social rejection is directed towards someone specific and involves deliberate and repeated attempts to cause distress, exclude or create dislike by others, it is not bullying.

Single-episode acts of nastiness or meanness, or random acts of aggression or intimidation

Single episodes of nastiness or physical aggression are not the same as bullying. If a student is verbally abused or pushed on one occasion they are not being bullied.

Nastiness or physical aggression that is directed towards many different students is not the same as bullying.

##### **Cyber-bullying**

Consists of covert, psychological bullying, conveyed through the electronic mediums such as cell-phones, web-logs and web-sites, on-line chat rooms, 'MUD' rooms (multi-user domains where individuals take on different characters) and Xangas (on-line personal profiles where some adolescents create lists of people they do not like). It is verbal (over the telephone or mobile phone), or written (flaming, threats, racial, sexual or homophobic harassment) using the various mediums available.

## Harassment

Is any verbal, physical or sexual conduct (including gestures) which is uninvited, unwelcome or offensive to a person.

Why do we have a Policy on these?

To provide a safe and friendly college environment for students and staff and to encourage care, courtesy and respect for others. All persons have a legal right to protection from harassment under the Commonwealth Sex Discrimination Act and the Victorian Equal Opportunity Act.

What are the effects of Bullying and Harassment?

- poor health - anxiety, depression
- lower self esteem
- reduced study performance
- missed classes, social withdrawal
- reduced career prospects

Am I bullying or harassing someone?

If you are not sure about your behaviour you can:

- check it out by asking if it is offensive or inappropriate
  - stop it
  - apologise
  - take it seriously if someone says they are feeling uncomfortable
  - talk it over with an adviser or somebody who has an understanding of the issues
- What are some of the feelings victims of bullying or harassment may experience?
- "I will ignore it and it will go away."

If anything it will make things worse - you will give the impression that you agree with the situation.

- "I don't want to cause trouble."

Most causes of harassment are sorted out quite simply. By speaking up, action can be taken to address the problem.

- "Am I to blame?"

Victims of harassment or bullying sometimes feel that it is their fault. Victims are made to feel guilty by the offender and often blame themselves. It is your right to have a safe environment free from harassment or bullying.

- "Am I imagining things?"

Often our hunches are correct. Rather than put up with nagging doubts, talk to someone about your feelings.

Bullying or harassment can often make people feel:

- embarrassed or ashamed
- offended or humiliated
- intimidated or frightened
- uncomfortable

What should you do if you see another person being bullied or harassed?

Tell the person that you witnessed the incident and advise them to report it to an appropriate person. However, if your friend is harassing another person, let them know that their behaviour is unacceptable. Bystanders who do nothing to stop bullying may be contributing to the problem by providing an audience for the bully.

Bullying can involve:

- grabbing, aggressive staring, hitting, pinching kicking, pushing and shoving
- publicly excluding a person from your group
- knocking a person's books or belongings out of their hands or off their desk
- teasing a person because of their looks

Cyber-bullying can involve:

- Flaming – online fights using electronic messages with angry or vulgar messages
- Harassment – repeatedly sending nasty, mean and insulting messages
- Denigration – posting or sending gossip or rumours about a person to damage his/her reputation or friendships
- Outing – sharing someone's secrets or embarrassing information or images online
- Exclusion – intentionally and cruelly excluding someone from an online group
- Cyber-stalking – repeated, intense harassment and denigration that includes threats or creates significant fear

Harassment is usually directed at a person because of their gender, race, creed or abilities – it can be subtle or explicit.

Subtle (the most common) they include:

- offensive staring and leering
- unwanted comments about physical appearance and sexual preference
- racist or smutty comments or jokes
- questions about another's sexual activity
- persistent comments about a person's private life or family
- physical contact e.g. purposely brushing up against another's body
- offensive name calling

Explicit (obvious) they include:

- grabbing, aggressive hitting, pinching and shoving, etc
- unwelcome patting, touching, embracing
- repeated requests for dates, especially after refusal
- offensive gestures, jokes, comments, letters, phone calls or e-mail
- sexually and/or racially provocative remarks
- displays of sexually graphic material – pornography
- requests for sexual favours
- extreme forms of sexual harassment will lead to criminal prosecution

What do you do if you are being bullied or harassed?

- tell the person you don't like what they are doing and you want them to stop;  
use CATCH (**C**ool down, **A**sk them to stop, **T**ell them to stop, **C**hoose to ignore or walk away, **H**elp find an adult)
- discuss the matter with your teacher, Student Welfare Coordinator Assistant Principal/ Principal or a teacher that you feel comfortable with
- the school will take your concerns seriously - all complaints will be treated confidentially

## **How will your complaint be dealt with?**

Your concerns will be taken seriously. All complaints will be treated confidentially.

School procedures for responding to a student who bullies or harasses others are set out below.

### **Level 1**

If the bullying or harassment incident is minor or first time occurrence, teachers may elect to use one or more anti-bullying practices:

- stopping the bullying/re-statement of rules and consequences
- restorative justice & questioning
- Time Out/lunch detention
- private conference
- shared control discussion

If the student does not take control over his/her behaviour, the teacher can complete an Incident Report Form and submit this to the student welfare coordinator or principal/assistant principal.

### **Level 2**

If the bullying or harassment continues, or in instances of severe bullying or harassing, a referral should be made to the Student Welfare Coordinator/Assistant Principal.

Here, the Student Welfare Coordinator (or another who has responsibility for student welfare) may:

- meet with the student to develop a behaviour contract
- provide discussion/mentoring of different social and emotional learning competencies including structured learning activities
- conduct a restorative conference separately with the perpetrator and “target”

### **Level 3**

For ‘at risk’ students (many risk factors, few protective factors) whose bullying or harassing behaviour is severe and for other non-at risk students whose bullying or harassing and other aggressive behaviour is resistant to change, an individual behaviour management plan (Appendix D) should be developed by the student welfare coordinator in consultation with student, parents/carers, teachers and Student Support Service Officers. Individual strength-building plans and associated interventions help connect the student to positive people, programs and actions in the community, school and home as well as develop the student’s inner social and emotional strengths (skills, values).

### **Level 4**

Students whose severe bullying or harassing behaviour resists school efforts and represents a significant threat to the safety and wellbeing should be referred to outside agencies for evaluation. Student Welfare Coordinators will need to be familiar with those community agencies and organisations that can offer more intensive services to the student and student’s family.

**Note:** The school may choose, if bullying or harassment persists or the initial incident is of such magnitude, that parents/carers will be contacted and consequences implemented consistent with the school’s Student Code of Conduct. Furthermore, the principal may commence formal disciplinary action in line with ‘Effective Schools are Engaging Schools - Student Engagement Policy Guidelines’ (DEECD) at any stage in the process depending on contextual information relating to the severity of the bullying (including-cyber bullying) and harassment.
