Dear Parents/Guardians,

We are excited that in a few weeks time approximately 70 of our grade 3 and 4 students will be enjoying 2 days of scientific inquiry and investigation that will enhance and extend their understandings gained in the classroom. Students will experience science activities in purpose built laboratories and will be able to further develop their collaborative teamwork skills across the 2 days. They will also be involved in a range of activities at the holiday resort that may include: mini golf, table tennis and circus skills.

The total cost of the 2 day camp will be $107 in total per student. We must ask for final payment by Thursday 3rd November

Further information regarding medical requirements, dietary requests, clothing etc. will be sent out shortly.

Thank you
Andy Millward, Casey Marriott, Stefanie Hoffner, Lauren Milne, Courtney Wright

FINAL PAYMENT MUST BE MADE BY THURSDAY 3RD NOVEMBER IN ORDER TO CONFIRM FINAL NUMBERS AND DIETARY REQUIREMENTS WITH ACCOMMODATION PROVIDERS.
