

Seaford North Primary School

Parent Payment Arrangement

Dear Parents and Carers

Seaford North Primary School is looking forward to another great year of teaching and learning and would like to advise you of Seaford North Primary School's voluntary financial contributions for 2022.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students. We want to thank you for all your support, whether that's through fundraising or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Parent contribution requests are made in line with the principles of educational value, access, equity and inclusion, affordability, engagement and support, respect and confidentiality, transparency, and accountability.

Parent contributions are requested to assist the school in providing an enhanced teaching and learning program for every student, in line with the school's priorities.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Lee Murnane
Principal
